Mourad El mehammedi

Full Stack Developer

Greetings! 🌟 I'm a Full Stack Developer skilled in JavaScript and TypeScript, creating user-friendly web apps. My keen eye for detail and a passion for excellence drive me to deliver top-quality products.

Experience

March 2021 to Present

Full Stack Developer | H2C-development, Nador, Morocco

I have been working as a Full Stack Developer at H2C Development since March 2021. In this role, I've contributed significantly to various projects, gaining valuable experience in both front-end and back-end development. I've played a pivotal role in building robust web applications that meet client needs and exceed expectations.

October 2020 to March 2021

Internship | H2C-development, Nador, Morocco

During my internship at H2C-development, I served as a Front-End developer on various projects, leveraging the React.js Framework to create engaging and user-friendly web applications. This experience allowed me to strengthen my front-end development skills.

May 2020 to October 2020

Web Developer | LIFETIME DEVELOPERS (Freelance)

As a Web Developer at LIFETIME DEVELOPERS (Freelance), I specialized in creating web and mobile applications using the React.js Framework and React Native. I had the opportunity to work on diverse projects, applying my expertise to deliver high-quality solutions.

March 2019 to April 2019

Internship | Institute Descartes of Computer Science, Nador, Morocco

During my internship at the Institute Descartes of Computer Science, I was responsible for the installation and maintenance of computer operating systems and hardware and software packages.

Education

2021 - 2024

Engineer's Degree | SUPMTI, Oujda, Morocco

My journey in higher education led me to SUPMTI-OUJDA, where I am currently pursuing an Engineer's degree in Computer Software Engineering. This program allows me to deepen my understanding of software engineering and expand my technical expertise.

2017 - 2019

Associate's Degree | ISTA, Nador, Morocco

I dedicated two years of hard work and learning at ISTA, where I earned my Specialized Technician Associate's degree in Computer Development. This program equipped me with the skills and knowledge necessary to excel in the field of software development.

2016 - 2017

Baccalaureate | ALMATAR high school, Nador, Morocco

I successfully completed my Baccalaureate in Life and Earth Sciences (SVT) at ALMATAR high school in Nador, gaining a solid foundation in scientific principles and knowledge.
